PROFILE

I am an enthusiastic Computer Science professional with a keen interest in Mobile Apps and Web Development. My goal is to immerse myself in hands-on projects, refining my abilities and making meaningful contributions to innovative technological endeavors.

WORK EXPERIENCE

Sonali Intellect Ltd. | Software Intern | Dhaka, BD

November, 2023 – Present

- Engaged as a Java Developer Intern, contributing to ongoing projects and gaining hands-on experience in Java programming language.
- Participated in team meetings, workshops, and training sessions to enhance knowledge of software development methodologies and industry best practices.
- Collaborated with senior developers to understand project requirements and assisted in routine development tasks, demonstrating a commitment to learning and contributing to team efforts.

RubySoft Sdn. Bhd. | Web Developer Intern | Kuala Lumpur, MY

September, 2020 – February, 2021

JF Nutritech   HTML | CSS | Bootstrap | PHP | MySQL

- Led the design and development of the *JF Nutritech Sdn Bhd* company's website, focusing on both front-end (HTML, CSS, JavaScript, Bootstrap) and backend (PHP, MySQL).
- Implemented scalable backend solutions, optimizing database performance and ensuring seamless data retrieval, resulting in a 30% to 40% increase in website responsiveness.
- Collaborated with cross-functional teams to integrate front-end and backend components, ensuring a cohesive user experience and functionality across the platform.

PROJECTS

Mobile Based Physiotherapy Management System (MOPMAS)

- Developed a comprehensive system offering tailored exercises for stroke patients, considering individual medical conditions.
- Facilitated therapists' monitoring of patients' daily activities, providing quick insights into their progress.
- Implemented push notification functionality to remind users of their scheduled tasks, ensuring timely completion of assigned exercises or activities.

SOFT SKILLS

- **Communication:** Effectively convey ideas and information through verbal and written means.

- **Interpersonal Skills**: Build and maintain positive relationships with colleagues and clients.

- **Team Collaboration:** Collaborate seamlessly with team members to achieve common goals.

- **Adaptability:** Quickly adjust to changing environments and thrive in dynamic settings.

- **Problem-Solving:** Analyze issues, identify solutions, and make informed decisions.

- **Time Management:** Efficiently prioritize tasks and manage time to meet deadlines.

HackerRank:

https://www.hackerrank.com/profile/zahidhasansumon

- Integrated step count tracking to monitor and encourage physical activity levels.
- **Technologies used:** Java, XML, Firebase.
- **GitHub Repository:** *Link to the GitHub repository*

Traveller

- Developed a travel application catering to travel enthusiasts, offering visiting place recommendations, directions, hotel listings, and guide information.
- Empowered users with recommendations and information to facilitate seamless travel experiences.
- **Technologies used:** Java, XML, Google Sign-in API, and Firebase.
- **GitHub Repository:** *Link to the GitHub repository*

E-commerce App

- Developed a cross-platform e-commerce application using Flutter framework to ensure compatibility on both iOS and Android devices.
- Integrated a simplistic yet stunning UI design for the application, supporting default dark and light modes for enhanced user experience.
- Included user-friendly interfaces for browsing products, adding them to cart, and completing purchases.
- Utilized Firebase for backend functionalities and user authentication, ensuring a robust and scalable architecture.
- **Technologies used:** Flutter, Dart, Firebase.
- **GitHub Repository:** *Link to the GitHub repository*

ACHIEVEMENTS

Programming

Completed HackerRank Certificates in:
- *Java (Basic)*
- *Problem Solving (Basic)*
- *SQL (Basic)*

Academics

Recipient of the Dean's List Award for outstanding academic performance in:
- [4th Semester/2019]
- [6th Semester/2020]

Awarded the Cisco Excellence Certificate for successful completion of networking courses:
- Introduction to Networks
- Routing and Switching Essentials
- Scaling Networks
